

## **#project36**

When looking to improve your golf game you normally head to the driving range.....

- Has that really helped you improve your golf score?
- What about the those on course PLAYING SKILLS that will make all the difference and which areas of the game are going to make the biggest difference in improving your score?

This is where #project36 comes in! 36 is a magical number for all golfers....and that is exactly what you're going to do - shoot 36 for 9 holes!!

## **YOUR MISSION.....SHOOT 36 FOR 9 HOLES**

Depending on your starting level or gender we are going to start you as close as 50 yards from the hole on every hole. Now the goal is to shoot 36 from that yardage....as soon as you achieve that then you get to move back 25 yards and try again!

As you play, you will discover new strengths and weaknesses to your game, create different course strategies and have a goal-orientated practice mindset that will keep mindless repetition without purpose away and help you build long lasting on-course skills to improve your golf scores.

## **BUILD YOUR ON COURSE SKILLS..**

To take part in the challenge we will have 2 course sessions and 2 skills sessions every month. Weeks 1 & 3 we will play on course, accompanied by our PGA Professionals and then weeks 2 & 4 we will have skill development sessions tailored to the individual needs of your game.

We recommend you continue to work on your #project36 on course skills after and in between these sessions to give you the best chance to be the #project36 champion....

## **AND THE WINNER IS...**

The players who progress further back in the #project36 challenge will be the winners in their respective categories....#project36 is for all golfers.

- Ladies (Level 1 Tee - 50 yards)
- Seniors (Level 1 Tee - 50 yards)
- Gents (Level 1 Tee - 100 yards)

Attend the #project36 program sessions and then register your rounds in between session by checking in before you play at the Professional Shop and you could be the **#project36 champion!**
